

FAECAL WORM EGG COUNT WORKSHOP

Towards sustainable roundworm control in sheep

Moredun would like to invite you to a Worm Egg Count Workshop to be held at Moredun Research Institute, Pentlands Science Park, Penicuik, Midlothian, EH26 0PZ.

Thursday 15 November, 10am-3pm. Refreshments and lunch provided.

The aim of this workshop is to help you establish practical and sustainable worm control programmes by introducing practical Worm Egg Counting (WEC) and the potential uses of EID to drive flock efficiency. It will be an interactive day with plenty of opportunity for discussion and the chance to perform a WEC on samples from your own flock - bring a sample.

This event is free of charge but numbers are limited.

Please RSVP to Beth Wells (beth.wells@moredun.ac.uk or 0131 445 6157) before Monday 5 November.
